█████████

Thanks again for the call! I got all your systems connected in the lab. The IP address is written above if any more get knocked off. I installed in a few kinder classrooms and got those connected as well, so you don't have to worry about them. There are a few machines here in the lab that don't have Imagine Learning but I didn't know if that was on purpose so I left them alone. Let me know if I can do anything else for you!
