

CHASE STREET ELEMENTARY 2013-2014 Adjunct Assignments

Guidelines: Adjunct committees serve a vital role in ensuring that a school runs efficiently and smoothly in order to serve the instructional needs of our students. Each certificated staff member will be expected to serve on two (2) committees.

Please review the following adjunct assignments.

You will be asked to select one assignment from the "A" committees, and one assignment from the "B" committees.

On the attached self-nomination form, please write two (2) possible "A" choices that you would like to serve on, and (2) possible "B" choices that you would like to serve on. I ask you to select two, in case one of your choices is no longer available. You will only be assigned to one "A", and one "B."

Once I have received all self-nomination forms, assignments will be made. Every possible effort will be made to assign you to your choices. If not, I will contact you as soon as I can. I thank everyone in advance!

***Please note: Any position that receives a stipend will NOT count as one of two assignments.**
